

# SWITCH TO RESULTS IN HOTELS

Improve the Net Asset Value of Your Investments by 4%<sup>[1]</sup>

## Key benefits for an iconic Times Square hotel:

“EcoEnergy has been chosen as a partner for Monitoring & Analytics services. The scope involves analytics on the BMS, Energy Metering & Guest Room Management system to identify operational savings opportunities. They have successfully executed the program at our luxury hotel in New York over the last 12 months and have delivered more than 9% savings.”

Gus Newbury - Regional Director of Engineering, Starwood Hotels & Resorts<sup>[6]</sup>

EcoEnergy's Hotel Energy Management & Analytics service ensures reduced operating costs sustained over multiple years, guaranteeing improved asset valuation of your investments.
