

SWITCH TO RESULTS WITH MANAGED RESTAURANT ENERGY SERVICES (MRES) – 7 FUNDAMENTAL IMPACTS

While direct energy savings fund the transformation program, the MRES program is a powerful tool for operational transformation and cost reductions.

ENERGY EFFICIENCY

Increase energy savings

OPERATING COST REDUCTION

Save man-hours of the O&M team & reduce operating expenditure

ASSET LIFE

Monitor proactively & manage the availability of equipment to increase asset life

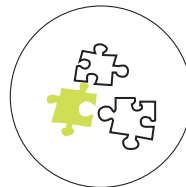

FOOD SAFETY, CUSTOMER COMFORT ASSURANCE

Enforce policies by analysis of the temperature data

CREW ACCOUNTABILITY

Align stakeholder behavior, leading to savings

OPERATIONS ENGINEERING

Identify energy impact if restaurant adds any equipment or a partner performs maintenance

MENU IMPACT ANALYSIS

Understand the energy impact on the menu mix
